Comber is a small town in County Down. It lies five miles south of Newtownards, at the northern end of Strangford Lough. It is also known as the home of the Northern Irish Potato.

A notable native was Thomas Andrews, the designer of the RMS Titanic.

Comber has good road links from the greater Belfast area and onwards towards the Ards Peninsula for those groups planning a day trip and who would wish to include the flower festival as part of their itinerary.

### **Local Attractions:**
